**ALLIANCE OF ROUGE COMMUNITIES  
STEWARDS OF THE ROUGE RIVER WORKSHOP  
PARTICIPANT RESPONSE SURVEY**

Your response to this questionnaire will help us plan future public education events. Thank You!

1. What community do you live in?

Troy

2. How did you hear about tonight's workshop?

Community Offices  Community Mailing   
 Community website  Friend or Neighbor   
 Facebook  Other

3. Did you know what a watershed was before the workshop?

Yes  No

4. did you know where the rain water/snow melt went before the workshop?

Yes  No

5. Do you think in the last 15 years the water quality of the Rouge River is getting better?

Yes  No

6. How would you rate the water quality of the Rouge River? *Expected to learn more about this*

Good  Fair  Poor

7. Did this presentation provide you with the information you were expecting?

Yes  No

*Expected more direct (at Rouge) activities rather than the full watershed. - Friends of Rouge*

8. Did you learn anything new from this workshop?

Yes  No

*at end of the list of native plant species would be useful (bigger print version) \* same for how to create a low cost rain garden*

If yes, please explain

Native bee tubes  
wash kayak to remove vegetation after each use

9. Based on tonight's presentation do you intend to change how you do things in your home, yard, business or with your vehicles?

Yes  No

If yes, in what way?

Don't run dishwasher or washing machine excessively when it rains

10. Comments? I heard about the presentation through a postcard, but couldn't find it at expected websites such as Friends of the Rouge. The partner organizations could help promote the event.
